

FOD

The Field Operations Division (**FOD**) with its headquarters at Delhi/Faridabad and a network of 6 Zonal Offices, 53 Regional Offices and 116 Sub-Regional Offices spread throughout the country, **is responsible for the collection of primary data for the surveys undertaken by MoSPI.**

Functions/Surveys:

1. **Field Operations Division** of MoSPI is associated in **Improvement of Crop Statistics (ICS) Scheme** and helps State Govts in strengthening Crop Statistics.

Under ICS scheme the objective is to **locate deficiencies in the system of collection of crop statistics** by exercising meaningful supervision over the primary field work and **suggest remedial measures for strengthening area and yield statistics.** The season wise status report on ICS scheme is presented to each State government.

Under the scheme, sample check on the primary field work relating to area enumeration in **approximately 5000 villages** in an agriculture season and supervision of about **16000 crop cutting experiments** in each agricultural year are undertaken by the Field Operations Division (FOD).

The data collected through the supervision of crop cutting experiments at harvest stage inter alia are also utilized to **compute estimates of yield rate of specified crops** under the ICS scheme.

2. **Urban Frame Survey (UFS)** is a regular scheme being conducted in phased manner over a period of 5 years. The objective of the survey is **formation and updation of UFS blocks** for providing frame for selection of first stage sampling units in urban sector to conduct various Socio-Economic surveys of MoSPI.
3. The objective of **PLFS** is primarily two fold (i) to measure the labour force indicators in the short time interval of three months for the urban areas only in the Current Weekly Status (CWS) and (ii) to generate estimates of all important labour force parameters in both usual status (ps+ss) and CWS annually for both rural and urban areas.

4. NSO conducted **Time Use Survey** during the period January 2019 to December 2019 for the first time. The primary objective of Time Use Survey (TUS) was to **measure participation of men, women and other groups of persons in paid and unpaid activities**. The survey would be an important source of information on the time spent in unpaid care giving activities, unpaid volunteer work, unpaid domestic service producing activities of the household members. This would also provide information on time spent on learning, socializing, leisure activities, self-care activities, etc. by the household members.
5. The **Annual Survey of Industries (ASI)** is the principal source of industrial statistics in India. **It provides statistical information to assess and evaluate, objectively and realistically, the changes in the growth, composition and structure of the organized manufacturing sector comprising activities related to manufacturing processes, repair services, generation, transmission, etc. of electricity, gas and water supply and cold storage**. The survey is statutory in nature under the Collection of Statistics Act, 2008 (as amended in 2017) and the rules framed there under.

6. **Price Data Collection**

NSO (FOD) **collects monthly rural retail price data for the compilation of Consumer Price Index (CPI) for Agricultural and Rural Labourers (AL/RL)**. The Labour Bureau, Shimla under the Ministry of Labour and Employment compiles and publishes the index figures of CPI (AL/RL)

The price collection under CPI (U) started from May 2008 by Field Operations Division (FOD) of NSO on behalf of Price Statistics Division (PSD), National Statistical Office (NSO)

NSO (FOD) was entrusted with the work of CPI (Rural) from September, 2018 after the handover of task from the Department of Posts (DoP).

WPI-Data collection/transmission activities for manufacturing units/factories from organized sector is being facilitated by NSO (FOD) on behalf of the Office of the Economic Advisor in the Department of Promotion of Industry and Internal Trade (DPIIT), Ministry of Commerce & Industry. The Office of Economic Adviser is responsible for compiling and releasing WPI data monthly.
