

Trade Statistics

- **DGCI&S**

-The **Directorate General of Commercial Intelligence and Statistics (DGCI&S), Kolkata, under the Ministry of Commerce, Government of India**, is the pioneer official organization for collection, compilation and dissemination of India's Trade Statistics and Commercial Information.

-DGCI&S collects the basic data from different customs formations in the form of DTR (Daily Trade Return) and then processes and compiles it using state-of-the-art technology.

-Follows recommendations of the United Nations Statistical Division (UNSD) and contained in the International Merchandize Trade Statistics Revision 2 (IMTS, Rev.2): Compilers Manual

-The foreign trade data generated by the Directorate are disseminated through

(i) Monthly Press Release brought out every month by the Ministry of Commerce and Industry,

(ii) Monthly Foreign Trade Statistics of India by Principal Commodities & Countries,

(iii) Monthly Statistics of Foreign Trade of India (Import & Export), and

(iv) Quarterly Statistics of Foreign Trade of India by Countries.

Publications of Ancillary Statistics	Periodicity	Source of Data
Inter-State Movement of Goods by Rail, River and Air	compiled annually on financial year basis	based on the data compiled from the returns received from Zonal Railway Authorities, Central Inland Water Transport Corporation Ltd., Calcutta, and Indian Airlines on rail, river and air borne inland trade respectively within the country.
India's Customs and Excise Revenue Collections	compiled annually on financial year basis	basic documents for compilation of statistics of Custom & Excise Revenue collections are received from the Directorate of Data Management, Central Excise & Customs, New Delhi
Statistics of the Foreign and Coastal Cargo Movement of India	compiled annually on financial year basis.	Primary Source are the authorities at the customs zones/commissionerates in India namely Kolkata, Chennai, Kochi, Ahmedabad, Mumbai and Goa. In case of coastal trade the data are compiled on the basis of returns received from the concerned customs authorities of 12 maritime blocks.
Statistics of the Inland Trade Consignments of India	compiled annually on financial year basis	different Customs/Port authorities in the form of coastal trade returns

The Foreign Trade Statistics are released in three phases :

- (1) Monthly Quick Estimates are released by fifteenth of the following month ,
- (2) Principal Commodity level data is released within 30 days, and
- (3) Detailed 8-digit commodity level data are released within 60 days.

- **Index Numbers on Foreign Trade**(by DGCI&S)

-started in the year 1944 with 1938-39 as base period

-**Methodology** : Laspeyre's Price Index formula with a Fixed Base system is being used to compute the Unit Value Indices. The Quantity Indices are computed as the ratio of the Value Indices to the Unit Value Indices.

-**Base Year** : Financial Year 2012-13

-**Commodity Basket** : All the items at 8-digit level in the ITCHS Classification

-**Time period for compilation of Indices** : The Indices will be published on a monthly, quarterly and yearly basis.

QuickShot:

-In the case of External Trade, there are three stages of administrative activity namely, licensing, actual shipment and arrival of goods, and the receipt and remittance of payments.

-The Director General of Foreign Trade (**DGFT**) is responsible **for licensing statistics**; the Director General of Commercial Intelligence and Statistics (**DGCI&S**) **for the balance of trade statistics** and the Reserve Bank of India (**RBI**) **for the balance of payment statistics**.

-The main sources for India's Foreign Trade Statistics are Shipping Bills and Bills of Entry – declarations made and submitted by exporters and importers, respectively to the authorities of customs at the ports.
